Late Adv. Dadasaheb Chavan Memorial Institute of Pharmacy, Masur was successfully Organized an ‘Effective Group Discussion: in classroom for a subject Pathophysiology on 27th July. 2022. The competition was organized to encourage student’s pharmacist in their efforts towards becoming better communicator. Total 88 students from First year B. Pharm class actively participated in competition. The theme of competition has enormously improved students communication, team building and leadership skill that they have learned within their course. Total students were divided into 4 major groups.

The group details are as following:

Sr. No	Disease Allocated to students	Group Catchy Titles	Total Students
1	Group A: Typhoid Fever	Typhoid Fever Fighter	16
2	Group B: Leprosy	Loyal Leprosy Warriier	15
3	Group C: IBD	Bad Captons	16
4	Group D: Gout	Patho Rangers	14

The group titles suggested by Students of particular group.

At the end activity all 4 groups were evaluated by course teacher Ms. Khakal N.N. and selected one winner group based on their marks. Ms. Khakal N. N. has appreciated performance of all students.
